Subject: Preliminary Assessment  
Bristol Babcock Company  
Waterbury, Connecticut  
TDD No. F1-8701-12  
Reference No. \$375CTB7PA  
CERCLIS No. CTD981898406

Dear Mr. Smith:

Enclosed is one copy of the Preliminary Assessment package for Bristol Babcock Company in Waterbury, Connecticut. The PA package consists of a letter report and EPA form 2070-12.

It should be noted that the CERCLIS listing for this site is Bristol Company. Because of a different CERCLIS site with a similar name, NUS/FIT recommends that the name be changed to Bristol Babcock to more accurately reflect the name of the site. The site is referred to in the PA as Bristol Babcock.

This package was prepared in response to Technical Directive Document F1-8701-12 and constitutes the completion of the Preliminary Assessment for the subject facility.

Very truly yours,

Brian MacKenzie  
Project Manager
